

## Earthing Products and SafeWave Price List Valid to 31<sup>st</sup> Dec 2014

**Now with 5% Discount with coupon code **TWG5** – see **How to Order****

**Issue 31 May 2014: Update Notes - Postage costs updated and the following NEW products have been added.**

**\*\*NEW PRODUCTS\*\***

**½ Sheet Sizes**

To make it easier for people to buy sheets for children and for single beds we have a smaller unit that suits single and double beds, is lower in cost and does not have a large tuck under excess. The universal ½ sheet is suitable for king (5') and super-king (6') beds

**Earthing Mat Cover**

Cotton cover with silver (as sheets) for large mat  
Note- covers do not have connections

**Medium Mat with cover included**

Integrated cover with mat (mat is conductive but not suitable for use on its own as corners curl and surface is flat (not mouse friendly)

**Earthing Pillow Cases**

One size 80x50 cm, with connection  
Note- needs to be used with coiled cable to minimize tangling with body. Available bare, with cable and with plug. Plugs accept 2 cables but if you have a sheet already and want to use to pillow then an extra plug or a splitter is needed.

**Pet Earthing Pads**

80x50 cm with connection, 8 ft cable, plug. Designed to be used with buyers own insert (e.g. old pillow). Cover is earthing sheet material.  
 Future- possibly available also with foam insert.

**Trial products-** these are designed to similar in comfort level to the plush pads.

**Large Comfort Earthing Mat**

Large- 80x50 cover to be used with buyers own insert, with connection, 8 ft cable, plug. Can be used under legs at night, a softer feel for feet at night.

**Medium Comfort Earthing Mat**

Medium- 66x30 cover to be used with buyers own insert, with connection, 8 ft cable, plug. Can be used under legs at night, a softer feel for feet at night.

**Conductive Garments (May 2014)**

Conductive gloves, socks and bands which are for specific injury areas and can be used with cable and plug as any earthing item.

**Conductive (Grounding) Socks (June 2014)**

These can keep feet warm while still earthing with mat, sheet etc. and have other health benefits: Staph aureas reduction: >99.99%; Candida Albicans reduction: >99.99%; E coli reduction: >99.99%.

### Note for connections

Normally mats are supplied with 8 ft straight cable and a UK modified adapter that accepts 2 cables.  
 Normally sheets are supplied with a gray 2 entry adapter that accepts 2 cables.  
 This may change.

**Other products - please contact if needed.**

There are other products to support the benefits of earth contact.

**For other countries:** adapters and testers are available on request for all countries (note that not all countries have an earth in the house power supply). The earthing rod is universal; it can be used in all countries.

**Bands and patches (products for local treatment):** local issues can benefit from dual input from sheet/mat supplemented by bands or patches.

**Grounding footwear:** a range of flip flops and females shoes are available to enable grounding outdoors; on concrete, bitumen as well as grass and soil. These won't ground you indoors. We have a small stock of metallic grounders for ladies and black only flip flops for men and women. We can not order different styles or colours and will not be stocking other than the listed ones.

**Plant grounding:** if you grow your own raw food indoors or in a green house then there is a system for plants. This will enhance the quality, integrity and growth of plants.

**Car Travel:** passengers can wear wrist bands and the driver can sit on a car pad. Both connect to the car metal work to have benefits of destressing during car travel.

**Price Validity:** we expect to hold prices until 30<sup>th</sup> June 2014. Changes are based on the £ to \$ rate, cost of raw materials (esp, silver and cotton).

**Calculating the post: (updated 1<sup>st</sup> April 2014)**

This is how we ship in UK. We do want you to know what shipping charges are and that we only charge the actual shipping cost (inc. VAT as we are VAT registered). For larger consignments we may use a courier company. Please add the total weights and use the shipping band from the lowest number (If you have ship 1 (or 2) and ship 3 use the ship 1; if you have Ship 3 and Ship 2 use Ship 2)
